MISSION & VISION

To mould men and women of good character, competence, conscience and compassionate commitment for a better society.

To achieve high standard of academic excellence through quality education.

To promote social justice, harmony and brotherhood among students.

To empower the less privileged and vulnerable sections of society, the tribals, dalits, women etc.

To inculcate value-based education in students and make responsible citizens who maintain a healthy relationship among human beings, society and the environment.

To assist in the holistic formation of each student.
